

Head of Jeep® Design Enlarged Europe – Stellantis Group

Daniele graduated in Architecture from the University of Florence and joined the Stellantis Group in 2003. Over the years, he has held various design roles across several iconic brands, including Lancia, Fiat, Abarth, Alfa Romeo, CNH, Iveco, and Fiat Professional.

In parallel with his professional career, he also taught "History and Techniques of Industrial Design" for 11 years. In 2018, he was appointed Chief Designer EMEA for Jeep, and since February 2021, he has been serving as Head of Jeep Design for the Enlarged Europe region.

Passions:

- Design/Architecture
- Outdoor life
- Adventures and Travels with family, friends and his Jeeps
